**COMMENTS ON THE PETITION FOR RULE MAKING, RM10867  
BY MEMBERS OF THE DIAL RADIO CLUB**

I. Introduction

The Dial Radio Club is a general interest amateur radio club consisting of 105 members in the greater Middletown, Ohio area. The Dial Radio Club is active in amateur license classes and conducts ARRL-VEC exam sessions 6 times per year.

II. Club Support of the ARRL Petition

We as a club, recognize that the ARRL license restructuring petition (RM-10867) addresses the needs of amateur radio for the next decade.

At our regular monthly meeting on April 19, attended by 37 members, this motion was made:

“To file comments, as a club, in support of the ARRL petition on Morse code and license restructuring”.

The motion passed overwhelmingly in favor, with only two no votes.

Therefore, the Dial Radio Club members are supporting the ARRL RM-10867 petition for rule making.
